

The Little Handbalancing Jenny Lawson: A Story of Courage, Determination, and Disability

In the small town of Crosby, Minnesota, there lived a little girl named Jenny Lawson. Jenny was born with a rare condition called osteogenesis imperfecta, which made her bones extremely brittle. As a result, she had to use a wheelchair for mobility and had frequent fractures throughout her childhood.

Despite her physical challenges, Jenny was a bright and determined young girl. She loved to learn and was always looking for new ways to challenge herself. When she was 10 years old, she saw a video of a woman handbalancing on a Cyr wheel and was immediately hooked. She knew that she wanted to learn how to do it.

Jenny's parents were hesitant at first. They worried that she would hurt herself if she tried to handbalance. But Jenny was determined to prove them wrong. She started practicing in her wheelchair and quickly learned the basics of handbalancing.

As Jenny got better at handbalancing, she started to perform for her family and friends. She loved the feeling of being upside down and the challenge of balancing on her hands. She also loved the way that handbalancing made her feel strong and capable.

In 2016, Jenny competed in her first handbalancing competition. She was the only person in the competition who used a wheelchair, but she didn't let that stop her. She performed a beautiful routine and won first place.

Since then, Jenny has competed in several more handbalancing competitions and has won many awards. She has also performed on television and at Cirque du Soleil shows. Jenny's story is an inspiration to everyone who has ever faced adversity. She shows us that anything is possible if you have the courage to dream big and the determination to never give up.
