

Voyage of the Liberdade: The Epic Journey of a Portuguese Slave Ship

In 1839, the Portuguese slave ship Liberdade embarked on an epic journey from Angola to Brazil. The ship carried over 500 slaves, and its voyage was plagued by disease, death, and violence. The ship's captain, Francisco Felix de Sousa, was a brutal man who regularly beat and tortured his slaves. The slaves were also subjected to unsanitary conditions and inadequate food and water. As a result, many of the slaves died during the voyage, and those who survived were in a weakened and emaciated condition.
